

**ENTER**

EU Foreign Policy Facing New Realities

**2022****Model European Union Mainz**

The MEU Mainz is not only considered to be politics throughout the whole simulation – it should also be fun for our participants to relax from the stress they suffer all day long. Therefore, we provided some events that you are very welcome to participate in:

**Wed: Rheinhessen wine tasting**

You had a tight schedule while coming to Mainz? Why not have a nice evening with a tasty glass of Rheinhessen wines and some pretzels with cheese? The wine tasting is accompanied by a little slide show to give you a glimpse of the region you will be hosted over the next couple of days.

**Thu: Eulchen Biergarten**

Eulchen is a local brewery which was only founded in 2013. Their biergarten is in the inner court of the kurfürstliches Schloss in Mainz. This palace was the seat of the Mainzer Kurfürst, who was a prince-elect of the Holy Roman Empire.

**Fri: Johannisfest**

"Johannisnacht" is one of the yearly event highlights in the calendar. It is celebrated in remembrance of Johannes Gutenberg, the famous inventor of the printing press with moveable type. Four days long (Friday to Monday) there is a great atmosphere in the centre of Mainz. Free entry on all days!

**Sat: European Night**

As a tradition of any AEGEE event, the European Night gives you the opportunity to present anything you want from your home country or city: traditional food or drinks, traditional customs – simply anything. After the presentations everyone shall feel free to taste the various foods and drinks. Be excited – so are we!

**Sun: Explore the City**

Although the simulation is over we still have access to the Alten Mensa where you can park your bags and wait for your travel home. But... why not explore the city of Mainz a bit on your own or with your newmade friends?

# ENTER Summer School "Simulating EU-decision making" 22/06 - 25/06/2022
